

**Hyatt House on Old Shakopee Road**  
**City Application for Rezoning and Comprehensive Plan Amendment**  
**March 21, 2018**

**Project Summary**

JR Hospitality is proposing to construct a Hyatt House hotel in the northeast corner of East Old Shakopee Road and 86<sup>th</sup> Street East. The proposed hotel is currently planned to have four stories and a total of approximately 93,306 square feet, with 148 rooms. The project site encompasses 5 existing parcels over an area of ±4.8 acres. The project is proposed to begin construction in 2018 and be operational in 2019.

The applicant requests a Comprehensive Plan Amendment to the Office land use designation and rezoning to the C4 (Freeway Office) District. The required application form, check for review fees, concept plan and typical Hyatt House graphics are provided.

The site plan takes into account the future right of way expansion for the road widening on East Old Shakopee Road.

The site plan intends to avoid bluff areas as defined by the City of Bloomington and the Watershed. A topographic survey has been completed to confirm bluff limits. Stormwater management facilities are anticipated to include surface infiltration basins and possibly an underground chamber system, depending upon results of an upcoming geotechnical investigation.
