Insure kitchen hood suppression system is an approved UL300 listed system connected to the building sprinkler system.

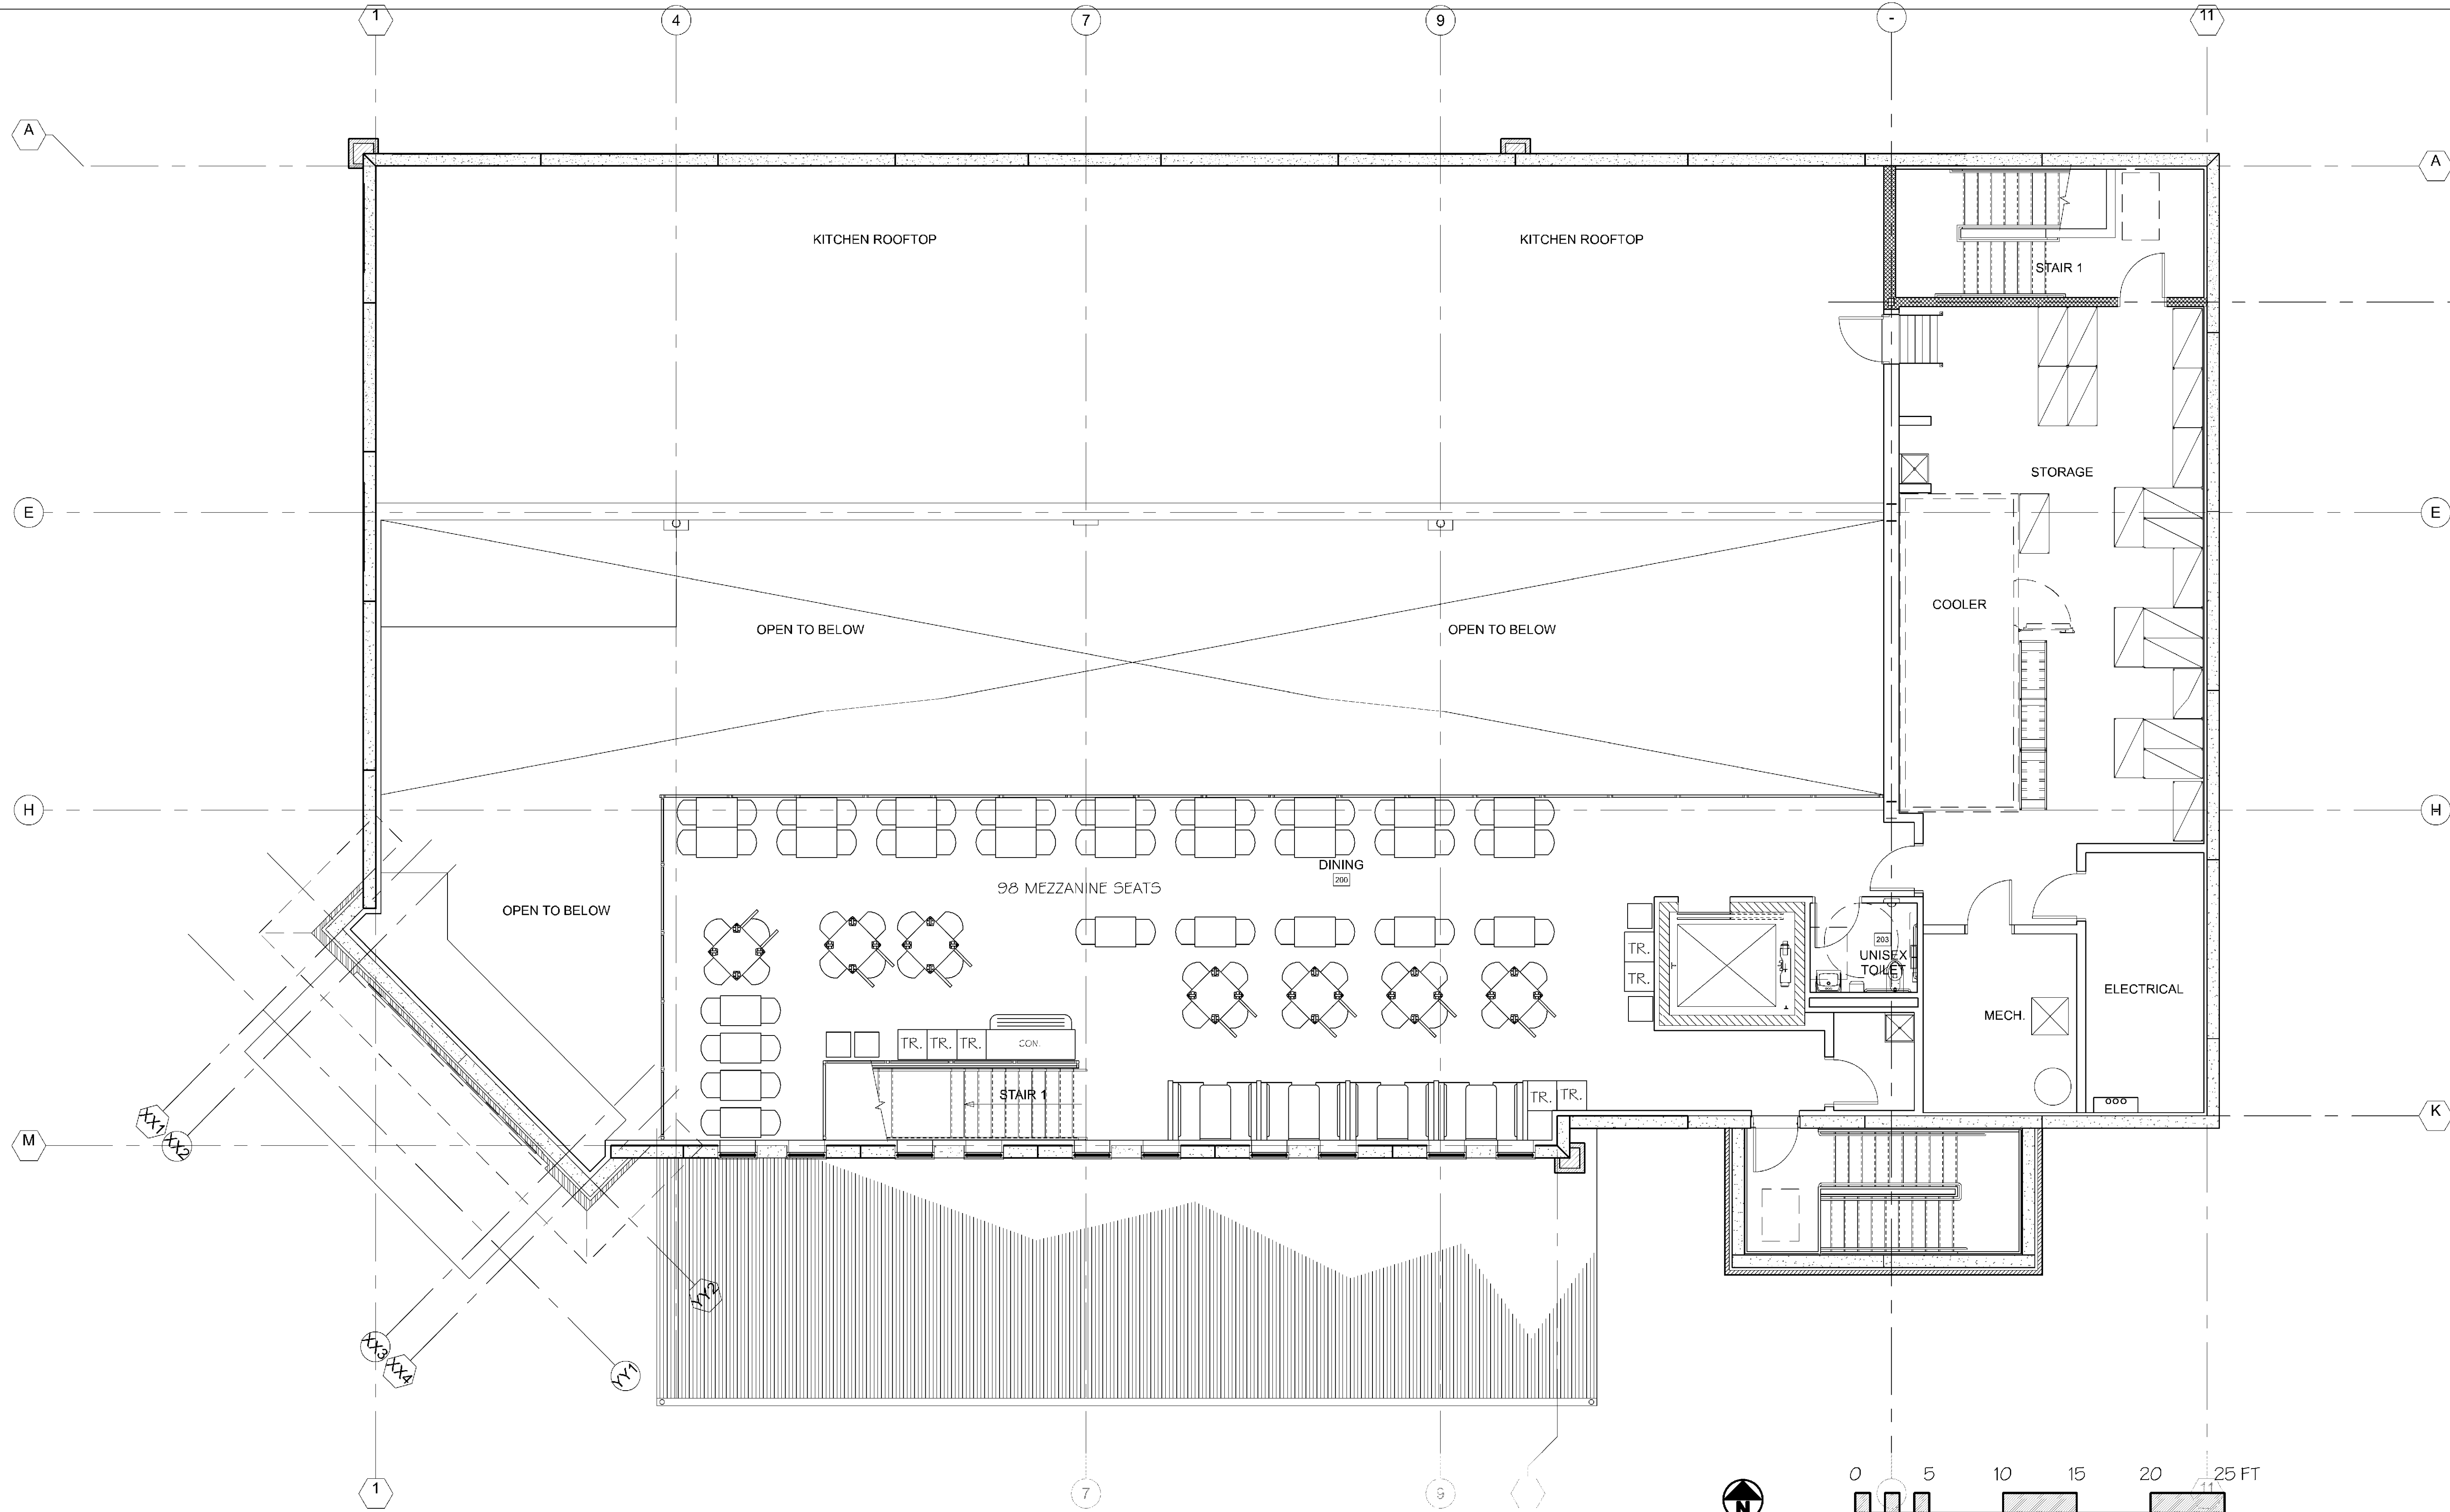

Provide a minimum of ceramic tile to six feet in height and two feet beyond all two- and three- compartment sinks, dish washing machines, and food preparation areas designated on the plan. Stainless steel may be used in place of ceramic tile. (City Code Sec. 14.45c (a)(4)(C))

All trash and recycling must be stored within the principle structure of the building

Provide reliable heat in the room.

Must meet MN Accessibility Code
