Re: BCS Phase 4

Dear Mr. Kampa:

The Metropolitan Council Environmental Services Division has reviewed your application for a sanitary sewer extension for the above project. This project is in accord with your comprehensive sewer plan (CSP) and consistent with the regional wastewater area.

We will file this project as part of your CSP and inform the Minnesota Pollution Control Agency that we have no objection to the installation of these facilities.

Sincerely,

Kyle L. Colvin
Manager, Wastewater Planning & Community Programs
Environmental Services Division
