Subject: RE: Vacation Request

I have not worked with Bob Reinhardt, so I am not sure. As an intern, I get sent vacation requests from different people just to help out with that work.

Thanks,

Emma Haydock

You don't often get email from bbunker@bloomingtonmn.gov. [Learn why this is important](#)

EXTERNAL - STOP & THINK before opening links and attachments.

Hello Emma,

This vacation ordinance has already been approved and recorded with Hennepin County and its notice (attached) was sent to Bob Reinhardt. This easement vacation eliminated easements that are now dedicated as the public right-of-way of 30th Avenue South which was created by the newly recorded plat of BLOOMINGTON CENTRAL STATION 8TH ADDITION (attached). So if Xcel's facilities were in the areas vacated, nothing has changed from a coverage perspective.

Moving forward, is Bob Reinhardt, robert.j.reinhardt@xcelenergy.com, the correct person that should be getting these notices?

Please let me know if there are further questions.

Thank you,

Subject: Vacation Request

Hello,

I am responding to a vacation request that is described in the attached PDF. Based on what I can see on SubTran, Xcel has multiple UG Primary lines that run under the Proposed Drainage & Utility Easement Vacation (or the Proposed Sidewalk, Bikeway & Utility Easement Vacation). We also have multiple UG Primary lines that run under 30th Ave S which is a part of the Proposed Street Easement Vacation. Due to these facilities, Xcel will need to retain our easements in this area. If you need more specifics, I can provide more documentation in some time.

Thanks,

Emma Haydock
