MURAL & THEME PAINTS

Golden Paintworks® Mural & Theme Paints are formulated using advanced, exterior pigments and resin technologies to create an array of clean, intense, lightfast colors for painting and enhancing a wide variety of projects from murals to themed façades, entertainment venues, and color branded commercial buildings.

Standard Colors

Golden Paintworks® Mural & Theme Paints are formulated with high quality artist-grade pigments, so the colors are strong, clean, and bright. Mural & Theme Paints are 100% acrylic, have good coverage, offer excellent leveling and dry to an even satin sheen. Brush, roller or spray apply. **Available in 16 oz. Jars & Gallon sizes**

Transparent Iron Oxide Colors

Golden Paintworks® Mural & Theme Transparent Iron Oxide colors are created using transparent, nontoxic pigments with excellent color strength, UV absorption and weathering stability. These versatile colors work well creating aged effects as washes or mixed in glazes. Achieve a full range of standard and exotic wood shades by blending the transparent colors together or with other standard colors. A must for serious rockwork artists: the contrast of intense to subtle shading of natural rock is easily obtained. **Available in 16 oz. Jars & Gallon sizes.**

NON-COLOR MURAL PRODUCTS

After your mural has been painted and is fully cured, we recommend taking additional protective steps to ensure the mural has a long, healthy life.

Mural Adhesive Gel

Golden Paintworks® Mural Adhesive Gel is an excellent adhesive with flexibility, chemical, water and UV resistance. Designed for adhering parachute cloth to the wall when creating a mural on sections of parachute cloth (non-woven fabric) for later installation. **Available in 5 Gallon Pails.**

Technical Data Sheet

Mural Varnish with UVLS – Formula in transition. Temporarily unavailable. Anticipated return, January 2024.

Golden Paintworks® Mural Varnish with UVLS (Ultraviolet Light Stabilizers) is a Mineral Spirit based Acrylic resin system that dries to a tough, yet flexible protective finish, protecting the mural against dust, dirt, marring and environmental conditions. The UVLS system provides increased resistance to the harmful effects of ultraviolet radiation exposure, helping to ensure the longevity of the mural colors over time. The Mural Varnish is a removable, VOC compliant coating available in a Semi-Gloss or Satin sheen. Mural Varnishes must be thinned with Mural Solvent before use. **Available as 3 Gallons in a 5 Gallon Pail for Solvent Addition.**

CPWMV01-F MSA Varnish w/ UVLS Mural Formula (Semi-Gloss) Technical Data Sheet

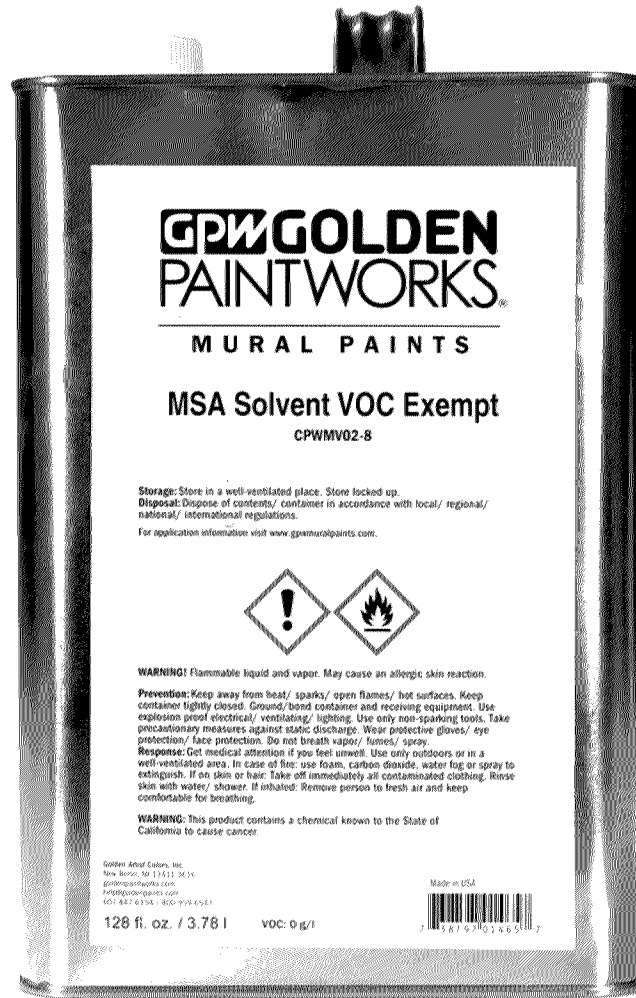

CPWMV03-F MSA Varnish w/ UVLS Mural Formula (Satin) Technical Data Sheet

Coverage

400-500 sq. ft. per properly thinned gallon if applied by brush

Pricing and Purchasing

We have limited inventory of Mural Varnish with UVLS. Please email us for more information, paintworks@goldenpaints.com.

Mural Solvent

Golden Paintworks® Mural Solvent must be used to thin Mural Varnish before use. Mural Solvent assures a clear, clean, even application. Golden Paintworks Mural Solvent can also be used to remove Mural Varnish at a later time for restoration purposes. **Available in Gallons.**

Item

CPWMV02-8 MSA Mural Formula Solvent (VOC Compliant)

THEME PRODUCTS

Fluid Fluorescent Colors

Golden Paintworks® Fluid Fluorescent colors represent the latest technology in fluorescent pigmentation and acrylic polymer dispersions in a unique “ready to apply” viscosity for both brush and spray applications. Our enhanced matte finish formula allows the paint to be used as-is, without diluting with water. All colors are intermixable for a vast array of vibrant colors under 365nm UV Black Lights. **Available in 8 oz. and Gallon sizes.**

Note: Fluid Fluorescent colors are not lightfast over time and should not be used in exterior applications.

Supporting the Arts

2% of all Mural Paint sales are allocated to support non-profit Mural Arts programs and organizations with Mural Paint for their projects. This is one of the many ways Golden Artist Colors works to support its bold vision statement: "Our Company is a catalyst, bridging creative communities and inspiring positive global change through the arts".
