Dear Planner:

Our exterior scope of work will be adding metal cladding on various facades of the mall exterior. There will be box-profiled metal panels framed by more metal paneling. We will also be applying metal paneling to the lower portion of the elevated walk.

If there are further questions, please give me or Roy a call direct.

Sincerely,

Roy Mwale, Assoc. AIA, NOMA  
Technical Designer,  
312.386.2986
